LANDSCAPE ARCHITECTS

Starr Whitehouse, an award-winning landscape architecture and planning practice, seeks talented, motivated Landscape Architects to join our New York City Office. Projects address pressing urban design and climate issues, including resilience planning, green infrastructure, public parks, public realm equity, waterfronts, streetscapes, landfill reclamation, social/civic spaces, and the design of open space for multifamily residences.

Ideal candidates will excel at design and graphic communication, will have experience with design and construction of complex projects, and will be versed in ecological and sustainable principles of landscape architecture.

Desired Qualifications:

- Licensed Landscape Architect
- 4-7 years of experience
- Project management experience
- English Fluency
- Strong proficiency in AutoCAD
- 3D modelling
- Mastery of Adobe Creative Suite and Microsoft Office
- Strong verbal and written communication and organizational skills
- Driver's license a plus

Please send resume and portfolio under 10MB to jobs@starrwhitehouse.com. In the subject line, please write "Landscape Architect_First and Last Name."
