Landscape Designer – 2-5 Years Experience

Starr Whitehouse, an award-winning landscape architecture and urban planning practice based in New York, NY, with offices in Atlanta, GA and Hudson, NY, seeks a motivated landscape designer with 2-5 years of experience for our New York office. Starr Whitehouse's current projects address climate change, resiliency, park design, open space equity, urban design, streets and public spaces, green infrastructure and multifamily housing. We collaborate with internationally acclaimed architects and engineers and foster a creative, energetic atmosphere that is challenging to team members and attentive to quality of life.

We are looking for an experienced landscape designer to work with teams throughout the office to contribute to the design and production of projects. The ideal candidate is a talented designer with a passion for solving the biggest challenges in the field today, extreme attention to detail, sound judgment, and knowledge of ecological and sustainable principles of landscape architecture.

Qualifications:

- Professional degree in Landscape Architecture, preferred
- License in Landscape Architecture, a plus
- 2-5 years of professional experience

Core Skills:

- Passion for design
- Strong desire to learn, engage with others, and build technical knowledge
- Ability to clearly translate and elaborate on design ideas from others
- Experience with all phases of design from schematic design through construction administration
- Ability to efficiently produce accurate and high-quality drawings with guidance
- Excellent written and verbal communication skills (English fluency)
- Excellent organizational skills
- Basic understanding of project budgets and their relationship to individual effort
- Strong proficiency in Bluebeam Revu, AutoCAD, 3D modelling, visualization and creating presentations (Rhino, Lumion, Grasshopper, Adobe Creative Suite)

Additional Skills:

- Experience with public agency / municipal submissions and approvals
- Experience with project management, both client-facing and as an internal leader
- Ability to craft project work plans, delegate design tasks, and ensure project progress is on time and within budget
- Specialization in ecology, sustainability, or experience with waterfront or wetland environments
